MY ACADEMIC HISTORY

SAULT COLLEGE
Post Graduate Certificate in Project Management – Sept 2020
Full Stack Web Development- CareerFoundry- Sept 2021

PANJAB UNIVERSITY
Bachelors Degree in Computer Science – June 2018

SUMMARY

From the moment I produced "Hello World" in the console of my first application, I knew I was hooked into the world of software development. But software development has never been "just a job for me", it has offered an engaging challenge to continually learn and improve my skills in creating high quality software. What started with a simple "Hello World" has become a full-fledged passion that only gets more exciting as the years go by. Below you'll find projects I've completed that showcase my skills and general background in developing software.

ACOMPLISHMENTS

- Intensive project-based training program with a focus on Advanced JavaScript, JavaScript Libraries and Frameworks, Web Server Frameworks, Node.js and Server-Side Programming, Relational and Non-Relational Databases, Data Visualization, Functional and Object-Oriented Programming, Web Ethics and Data Security, Test-Driven Development.
- Designed and Developed a movies app called MyFlix, by using Node.jss, Reactjs, MongoDB atlas to create the Frontend, the Backend, and the database of for the app. View project here: https://github.com/ttyagianjali/myFlix_api https://github.com/ttyagianjali/myFlix-client
- Developed projects like Chit-Chat App using React Native, To-Do list App using JQuery.
